Huon Valley Credit Cards made Public

A report to the Huon Valley Council has detailed corporate credit card usage for the past four years which indicates that all transactions were in accordance with the approved Budget and Estimates adopted by Council for the relevant year.

This report was prepared by management and endorsed by Council as part of the Ministerial Directions and meets the requirements of Council in providing reports to the Minister on a regular basis.

Ministerial Direction 6(f) required Council to ‘Make corporate credit card statements for the past four years publicly available.’

Mayor Coad said this was an important step in Council demonstrating its transparency and openness to the community in making credit card statements publicly available.

He said it was good that credit card statements have been made public and that all expenditure on the credit cards had been approved by Council over a number of years.
