

# School Immunisation Resources for Students & Parents

**Video series**

<https://www.health.gov.au/resources/collections/vaccination-videos-for-high-school-students>

In these videos, clinical nurse Caroline Scott explains how vaccination protects you, why it's important, and what to expect when you receive your vaccinations at school.

**Brochure**

[Adolescent vaccinations brochure | Australian Government Department of Health and Aged Care](#)

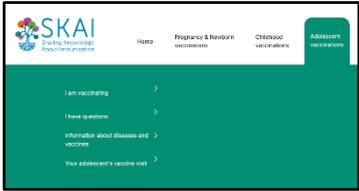

This brochure provides information about the recommended vaccines available free for adolescents under the National Immunisation Program.

**Poster**

<https://www.health.gov.au/resources/publications/school-vaccination-program-poster?language=en>

This poster promotes general school-based vaccination programs for adolescents, for use in school settings.

	<p><b>Website</b></p>	<p><a href="#">Adolescent vaccinations   Sharing Knowledge About Immunisation   SKAI</a></p>	<p>Information about the diseases that can cause harm to adolescents and the vaccines recommended to protect them. Includes answers to questions about vaccine safety, common reactions, risks, benefits and more.</p>
---	-----------------------	--	--

Year 7	Human Papillomavirus (HPV)		
	<p><b>Website</b></p>	<p><a href="https://www.hpvvaccine.org.au/">https://www.hpvvaccine.org.au/</a></p> <p><a href="#">HPV (human papillomavirus) vaccine   Australian Government Department of Health and Aged Care</a></p>	<p>This resource provides information about the benefits of the HPV vaccination. Gardasil ® 9</p> <p>Australian Government website for information about the HPV vaccination program</p>
	<p><b>Videos</b></p>	<p><a href="https://www.health.gov.au/resources/videos/hpv-animation-video-for-students">https://www.health.gov.au/resources/videos/hpv-animation-video-for-students</a></p> <p><a href="https://www.health.gov.au/resources/videos/hpv-vaccine-explained-for-parents-and-guardians">https://www.health.gov.au/resources/videos/hpv-vaccine-explained-for-parents-and-guardians</a></p>	<p>This short, animated video explains to students the benefits of getting the improved vaccine, and the process of how the vaccine is administered.</p> <p>The video explains the importance of the vaccine to parents</p>

Year 7	Diphtheria Tetanus and Pertussis (DTPa)		
 <p>The image shows a brochure titled 'Adolescent "booster" dose of diphtheria-tetanus-pertussis (dTpa) vaccine'. It features three young people and text that reads: 'Preventing serious diseases by vaccination and protecting the community'. Logos for 'health.gov.au/immunisation' and the 'National Immunisation Program' are visible at the bottom.</p>	<p><b>Brochure</b></p>	<p><a href="https://www.health.gov.au/resources/publications/adolescent-booster-dose-of-diphtheria-tetanus-pertussis-dtpa-vaccine-brochure">https://www.health.gov.au/resources/publications/adolescent-booster-dose-of-diphtheria-tetanus-pertussis-dtpa-vaccine-brochure</a></p>	<p>This brochure provides information on:</p> <ul style="list-style-type: none"> <li>• diphtheria, tetanus and pertussis diseases</li> <li>• how and why it's important for adolescents to get vaccinated against diphtheria, tetanus and pertussis</li> <li>• how to find out if your child is immunised</li> <li>• the safety and effectiveness of the dTpa vaccine.</li> </ul>
 <p>The image is a screenshot of the SKAI website. The page title is 'Diphtheria'. The website has a green header with the SKAI logo and navigation menus. A search bar is visible in the top right corner.</p>	<p><b>Website</b></p>	<p><a href="https://skai.org.au/childhood/diseases-and-vaccines/diphtheria">https://skai.org.au/childhood/diseases-and-vaccines/diphtheria</a></p> <p><a href="https://skai.org.au/childhood/diseases-and-vaccines/tetanus">https://skai.org.au/childhood/diseases-and-vaccines/tetanus</a></p> <p><a href="https://skai.org.au/childhood/diseases-and-vaccines/pertussis">https://skai.org.au/childhood/diseases-and-vaccines/pertussis</a></p>	<p>Information about diseases and vaccines from the Sharing Knowledge About Immunisation (SKAI) Website</p>

Year 10	Meningococcal ACWY (Men ACWY)		
	<b>Website</b>	<a href="https://www.health.gov.au/resources/collections/meningococcal">https://www.health.gov.au/resources/collections/meningococcal</a>	<p>These resources provide information about the meningococcal ACWY vaccine, available free for adolescents.</p>
	<b>Poster</b>	<a href="https://www.health.gov.au/resources/publications/adolescent-meningococcal-acwy-vaccine-poster-0">https://www.health.gov.au/resources/publications/adolescent-meningococcal-acwy-vaccine-poster-0</a>	<p>This poster provides information about the meningococcal ACWY vaccine, available free for adolescents.</p>
	<b>Brochure</b>	<a href="https://www.health.gov.au/resources/publications/adolescent-meningococcal-acwy-vaccine-brochure-0">https://www.health.gov.au/resources/publications/adolescent-meningococcal-acwy-vaccine-brochure-0</a>	<p>This brochure provides information on:</p> <ul style="list-style-type: none"> <li>• the seriousness of meningococcal disease</li> <li>• how and why it's important to get vaccinated</li> <li>• how to find out if your child is immunised</li> <li>• the effectiveness and safety of the vaccine.</li> </ul>
	<b>Video</b>	<a href="https://www.health.gov.au/resources/videos/90-second-animation-meningococcal-acwy-vaccine">https://www.health.gov.au/resources/videos/90-second-animation-meningococcal-acwy-vaccine</a>	<p>The Meningococcal ACWY vaccine is provided free in schools for young people in year 10. If you did not receive the vaccine at school, speak to your GP or school-based immunisation provider about how you can catch up.</p>
